Sociology of leisure or leisure sociology is the study of how humans organize their free time. Leisure includes a broad array of activities, such as sport, tourism, and the playing of games. The sociology of leisure is closely tied to the sociology of work, as each explores a different side of the work-leisure relationship. More recent studies in the field move away from the work-leisure relationship and focus on the relation between leisure and culture. Studies of leisure have determined that o

Leisure has often been defined as a quality of experience or as free time. Free time is time spent away from business, work, job hunting, domestic chores, and education, as well as necessary activities such as eating and sleeping. Situationist International proposes that leisure does not evolve from free time, and free-time is an illusory concept that is rarely fully "free"; economic and social forces appropriate free time from the individual and sell it back to them as the commodity known as "l
