Winner of the Ray Allen Billington Prize and the Phillis Wheatley Book Award "An American 'Odyssey,' the larger-than-life story of a man who travels far in the wake of war and gets by on his adaptability and gift for gab." —Wall Street Journal A black child born on the US-Mexico border in the twilight of slavery, William Ellis inhabited a world divided along ambiguous racial lines. Adopting the name Guillermo Eliseo, he passed as Mexican, transcending racial lines to become fabulously wealthy as a Wall Street banker, diplomat, and owner of scores of mines and haciendas south of the border. In *The Strange Career of William Ellis*, prize-winning historian Karl Jacoby weaves an astonishing tale of cunning and scandal, offering fresh

insights on the history of the Reconstruction era, the US-Mexico border, and the abiding riddle of race in America.

A groundbreaking contribution to the history of the "long Civil Rights movement," Hammer and Hoe tells the story of how, during the 1930s and 40s, Communists took on Alabama's repressive, racist police state to fight for economic justice, civil and political rights, and racial equality. The Alabama Communist Party was made up of working people without a Euro-American radical political tradition: devoutly religious and semiliterate black laborers and sharecroppers, and a handful of whites, including unemployed industrial workers, housewives, youth, and renegade liberals. In this book, Robin D. G. Kelley reveals how the experiences and identities of these people from Alabama's farms, factories, mines, kitchens, and city streets shaped the

Party's tactics and unique political culture. The result was a remarkably resilient movement forged in a racist world that had little tolerance for radicals. After discussing the book's origins and impact in a new preface written for this twenty-fifth-anniversary edition, Kelley reflects on what a militantly antiracist, radical movement in the heart of Dixie might teach contemporary social movements confronting rampant inequality, police violence, mass incarceration, and neoliberalism.
