Europe's East-West Divide: Myth or Reality? - Carnegie ...

In sociology, the East-West dichotomy is the perceived difference between the Eastern and Western worlds. Cultural rather than geographical in division, the boundaries of East and West are not fixed, but vary according to the criteria adopted by individuals using the term. Historically, Asia was regarded as the East, and Europe was regarded as the West. Today, the "West" usually refers to Australasia, Europe, and the Americas. Used in discussing such studies as management, economics ...

East-West dichotomy - Wikipedia

The key difference between Western and Eastern Europe is that Eastern Europe consists of countries that once belonged to the Soviet block, unlike the Western European countries. Also economically, the Western European countries are much more advanced than the eastern European countries. Through this article, let us examine the differences further.
