Blood Types Worksheet for 9th - 11th Grade | Lesson Planet Shannan Muskopf May 7, 2017. This worksheet provides students with practice problems on multiple allele traits, specifically on how blood types are inherited. The problems focus on the ABO blood groups and students are asked to perform crosses where parents' blood types are known. For example, if one parent has type O blood and the other parent has type AB blood, what blood types are possible among their children and in what proportion.

Practice Problems: Genetics and Blood Types in the blood plasma and differs depending on blood type.
