BUSINESSES Business Process

Management The Third

The nirvana of BPM third wave is

the situation where the business

analyst can redesign a business

process, simulate the new process,

and then move the new process to

production in the IT-systems by

himself. In this way "the business"

becomes empowered and the

divide between IT and business is

not just bridged, but simply

management, information systems architecture, and workflow management. This 3rd edition contains a new chapter on business decision modelling, covering the Decision Model and Notation (DMN) standard; the chapter on process choreographies has been streamlined, and numerous clarifications have been fetched throughout the book.

Business Process Management - Concepts, Languages ...

With fortuitous resonance Howard Smith and Peter Fingar position their thinking as the third wave of business process management (BPM), in doing so helping to realize Toffler's still emerging vision. From both a business and information technology
