Carlin
George Denis Patrick Carlin (May 12, 1937 – June 22, 2008) was an American stand-up comedian, actor, social critic, and author. Regarded as one of the most important and influential stand-up comics of all time, he was dubbed "the dean of counterculture comedians". He was known for his dark comedy and reflections on politics, the English language, psychology, religion, and taboo subjects.

George Carlin - Wikipedia
Morgan Stanley advisor and managing director Adam Carlin is part of a 13-person practice in Coral Gables, Florida, with about \$2 billion in assets—the Bermont/Carlin Group. Advisor Adam Carlin: Young at heart SILVER bullet Jazz Carlin gave her dad a dressingdown over the "lucky" T-shirt which cramped her style on a memorable night.

George Carlin - Wikipedia
A memoir from the daughter of George Carlin "a hero to many, but a father to one" —Bill Maher

Three comedic classics in one, by the legendary George Carlin. Includes Brain Droppings, Napalm and Silly Putty, and When Will Jesus Bring the Pork Chops? For four decades, George Carlin has been one of America's favorite comics, known as much for his willingness to take on taboo subjects as for his absurdist wordplay. As an author, he has proved equally popular: With combined sales of more than two million copies, Carlin's three books of razor-sharp and hilarious observations have topped bestseller lists nationwide. Now, for the first time as an ebook, Hachette Books proudly collects all three volumes—When Will Jesus Bring the Pork Chops?, Napalm and Silly Putty, and Brain Droppings—into one hilarious omnibus.

Now in paperback, this posthumous work by an American classic was a fitting last book, an instant bestseller, and a huge success! One of the undisputed heavyweight champions of American comedy, with nineteen appearances on the Johnny Carson show, thirteen HBO specials, five Grammys, and a critical Supreme Court battle over censorship under his belt, George Carlin saw it all throughout his extraordinary fifty-year career, and made fun of most of it. Last Words is the story of the man behind some of the most seminal comedy of the last half century, blending his signature acerbic humor with never-before-told stories from his own life, including encounters with a Who's Who of 1970s celebrity—from Lenny Bruce to Hugh Hefner—and the origins of some of his most famous standup routines. Carlin's early conflicts, his long struggle with substance abuse, his turbulent relationships with his family, and his triumphs over catastrophic setbacks all fueled the unique comedic worldview he brought to the stage. From the heights of stardom to the low points few knew about, Last Words is told with the same razor-sharp wit and unblinking honesty that made Carlin one of the best-loved comedians in American history.

Experience George Carlin as you've never seen him in this collection highlighting his greatest hits and achievements, including never-before-seen material. It is impossible to talk about 20th century comedy without discussing George Carlin. Named the 2nd greatest standup of the 20th century by both Comedy Central and Rolling Stone, Carlin garnered multiple gold records, 4 Grammys, 6 Emmy nominations, and the Mark Twain Prize for American Humor. He was the first host of 5NL, appeared on the Tonight Show some 130 times, and acted in beloved films like Bill and Ted's Excellent Adventure and Dogma. Dubbed "the dean of counterculture comedians," George Carlin was an American icon. A perfect introduction for new fans and a worthy addition to the collections of old fans, The Best of Carlin showcases the longevity, range, and—above all—hilarity of the master. Filled with thoughts, musings, questions, lists, beliefs, curiosities, monologues, assertions, assumptions, and other delicious verbal ordeals, it is drop-dead funny tour through Carlin's mind. More than ten years after his death, Carlin's characteristically ironic takes on life's annoying universal truths remain thoughtful, fearless, and somehow more relevant than ever.

The veteran comic shares some thoughts, musings, questions, lists, beliefs, curiosities, monologues, assumptions, and assertions about the follies of modern life

A hilarious new collection of razor-sharp observations from the New York Times bestselling author of Brain Droppings. Few comics make the transition from stage to page as smoothly or successfully as George Carlin. Brain Droppings spent a total of 40 weeks on the New York Times bestseller list, and this new one is certain to tickle even more ribs (and rattle a few more cages) with its characteristically ironic take on life's annoying universal truths. In Napalm & Silly Putty, Carlin doesn't steer clear of the tough issues, preferring instead to look life boldly in the eye to pose the questions few dare to ask: How can it be a spy satellite if they announce on TV that it's a spy satellite? Why do they bother saying "raw sewage"? Do some people cook that stuff? In the expression "topsy-turvy," what exactly is meant by "turvy"? And he makes some startling observations, including: Most people with low self-esteem have earned it. Guys don't seem to be called "Lefty" anymore. Most people don't know what they're doing, and a lot of them are really good at it. Carlin also waxes wickedly philosophical on all sorts of subjects, including: KIDS—They're not all cute. In fact, if you look at them closely, some of them are rather unpleasant looking. And a lot of them don't smell too good either. DEATH ROW—If you're condemned to die they have to give you one last meal of your own request. What is that all about? A group of people plan to kill you, so they want you to eat something you like? Add to the mix "The Ten Most Embarrassing Songs of All Time," "The 20th Century Hostility Scoreboard," and "People I Can Do Without," and you have an irresistibly insouciant assortment of musings, questions, assertions, and assumptions guaranteed to please the millions of fans waiting for the next Carlin collection—and the millions more waiting to discover this comic genius.

A unique illustrated memoir by Sally Wade, the love of George Carlin's life for ten years, THE GEORGE CARLIN LETTERS: THE PERMANENT COURTSHIP OF SALLY WADE is a collection of never-before-seen writings and artwork by the late great comedian (representing at least 1/3 of the text in the book), woven into Wade's beautifully told chronicle of the last ten years of their life together. The book provides a rare glimpse into the man behind the legend. George Carlin wrote to Sally daily—notes, postcard, letters... he even started fights on paper, the title is taken from his very last note, which Sally found propped up on her computer upon returning from the hospital the day he died. One of the greatest love stories ever told...hilariously, until the release of this book, no one but Sally has ever seen this side of George Carlin. And everyone is guaranteed to fall in love with both of them.

A perfectly gift-able, perfectly cynical, slipcased omnibus of George Carlin's trademark irreverence -- including bonus never-before-published material For four decades, George Carlin has been one of America's favorite comics, known as much for his willingness to take on taboo subjects as for his absurdist wordplay. As an author, he has proved equally popular: With combined sales of more than two million copies, Carlin's three books of razor-sharp and hilarious observations have topped bestseller lists nationwide. Now, just in time for the holidays, Hyperion proudly collects all three volumes -- When Willl Jesus Bring the Pork Chops, Napalm and Silly Putty, and Brain Droppings - into one hilarious omnibus, a slipcased edition that also includes new material.

On the heels of George Carlin's #1 New York Times bestseller Napalm & Silly Putty comes When Will Jesus Bring the Pork Chops -- infused with Carlin's trademark irreverent humor and biting cultural observations. Here we go again . . . George Carlin's hilarious When Will Jesus Bring the Pork Chops offers his cutting-edge opinions and observational humor on everything from evasive euphemistic language to politicians to the media to dead people. Nothing and no one is safe! Despite the current climate of political correctness, Carlin is not afraid to take on controversial topics: --Carlin on the media: The media comprises equal parts business, politics, advertising, public relations, and show business. Nice combination. Enough bull for Texas to open a chain of branch offices. --Carlin on the battle of the sexes: Here's all you have to know about men and women: women are crazy, men are stupid. And the main reason women are crazy is that men are stupid. --Carlin on hygiene: When did they pass a law that says the people who make my sandwich have to be wearing gloves? I'm not comfortable with this. I don't want glove residue all over my food; it's not sanitary. Who knows where these gloves have been? --Carlin on evasive language: Just to demonstrate how far using euphemisms in language has gone, some psychologists are now actually referring to ugly people as those with "severe appearance deficits." Hey, Doctor. How's that for "denial"? --Carlin on politics: No self-respecting politician would ever admit to working in the government. They prefer to think of themselves "serving the nation." To help visualize the service they provide the country, you may wish to picture the things that take place on a stud farm. The thinking person's comic who uses words as weapons, Carlin puts voice to issues that capture the modern imagination. For instance, why are there Ten Commandments? Are UFOs real? What will the future really be like? This brand-new collection tackles all that and more. In When Will Jesus Bring the Pork Chops Carlin's razor-sharp observations demolish everyday values and leave you laughing out loud -- delivering exactly what his countless fans have been waiting for.

Captain James Carlin is a biography of a shadowy nineteenth-century British Confederate, James Carlin (1833–1921), who was among the most successful captains running the U.S. Navy's blockade of Southern ports during the Civil War. Written by his descendent Colin Carlin, Captain James Carlin ventures behind the scenes of this perilous trade that transported vital supplies to the Confederate forces. An Englishman trained in the British merchant marine, Carlin was recruited into the U.S. Coastal and Geodetic Survey Department in 1856, spending four years charting the U.S. Atlantic seaboard. Married and settled in Charleston, South Carolina, he resigned from the survey in 1860 to resume his maritime career. His blockade-running started with early runs into Charleston under sail. These came to a lively conclusion under gunfire off the Stono River mouth. More blockade-running followed until his capture on the SS Memphis. Documents in London reveal the politics of securing Carlin's release from Fort Lafayette. On his return to Charleston, General P. G. T. Beauregard gave him command of the spar torpedo launch Torch for an attack on the USS New Ironsides. After more successful trips though the blockade, he was appointed superintending captain of the South Carolina Importing and Exporting Company and moved to Scotland to commission six new steam runners. After the war Carlin returned to the southern states to secure his assets before embarking on a gun-running expedition to the northern coast of Cuba for the Cuban Liberation Junta fighting to free the island from Spanish control and plantation slavery. In researching his forebear, the author gathered a wealth of private and public records from England, Scotland, Ireland, Greenland, the Bahamas, and the United States. The use of fresh sources from British Foreign Office and U.S. Prize Court documents and surviving business papers make this volume distinctive.
