offerings and operations. That kind of transformation, however, requires a collaborative effort from all parts of the organization, no matter how different their processes, systems, and cultures have been in the past. Too often, the transformation effort falls flat due to the problems that arise when disparate parts of the company fail to work together with a shared sense ...

We have developed the PwC tax disruption framework to help you keep track of changes, i.e. monitor (and report) external developments, as well as help you control internal progress made in digitalising your tax function. By doing so, the framework will identify and display the novel risks related to tax disruption.
