If you want to learn quick and easy ways to caricatures, then How to Draw Caricatures is the best for you. Start learning today! About The Expert Christy Peraja spent four years in the banking, finance, and customer service industry. This was the career path that she had to pursue due to her background studies. She learned more than what she expected but always felt that it was not enough. She wanted to become an artist. When Christy Peraja was in Junior High, she drew artwork in the school ' s lobby as requested by one of the teachers. The Visual Arts Club Adviser, who later became her mentor, saw her work and recruited her. He exposed her to many art contests, where she received awards within those two years. She eventually became the club ' s president and graduated with pride of having that title. For almost twenty years she hid her artwork and secretly but persistently continued to train herself in drawing, painting and writing. Realizing how much she had improved her skills gave her the courage to achieve her lifetime dream. Despite the disapprovals and criticisms, she continued practicing. She is able to do different works of art like painting, pop art, portraits, cartoons, vector, manga illustrations and so on. She never stopped dreaming of becoming a real artist, that is why she intended to fulfill it now and always believed that it was never too late. One piece of advice from Christy Peraja is, " Don ' t ever be afraid to chase your dreams because if you truly enjoy it, your dreams will be the one chasing you in the end. And you can never run away from what your heart truly wants. Practice a lot and do not lose the passion of learning something new that would be helpful in improving your skills. " HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

Comic and accessible, with great scope for invention, caricatures are a joy to draw. In this book, author and illustrator Peter Gray works through the process of achieving a likeness and distorting it in imaginative ways for maximum effect. Tailored step-by-step exercises help aspiring caricaturists to build up their skills, and handy hints will keep them in the know about techniques and materials. The Artist's Workbooks are practical guides for artists interested in getting to grips with a particular subject. Other books in the series include: • Drawing Animals • Drawing Figures • Drawing Landscapes • Drawing Manga • Drawing Portraits • Drawing Still Life • Drawing Techniques

To draw a caricature is to simply draw an image that is very distinguishable to your model/subject ' s identity with or without being

photographically identical. In early forms of this genre, the type of figures used was animals to represent a certain person. A painting or any type of artwork cannot be called a caricature if the piece does not involve an actual person, because involving a real person as a model is the critical part of this genre. TABLE OF CONTENTS Introduction Quick ink sketches • Caricature of a Child • Head in Profile Establishing Tones/Shade Values Drawing a Face in a Proper Proportion Drawing Caricatures with a Pencil • Using Simple Reference Lines • Starting with a Facial Feature Exaggerating Proportions Caricature of a Girl - Amplifying facial expression Caricature Samples So start taking pictures of your friends or ask for a willing volunteer to be your model and begin drawing caricatures. If nobody is willing to be your model, it ' s okay. I have few pictures of my friends here and they are more than willing to be models for practicing, mess up their facial features. It ' s totally fine, they don ' t care. Follow the steps in this book and become a caricature artist in a short amount of time. Learn how to draw caricatures easily without any formal training. This book will guide you how faces take form step by step, how to base it on a model and produce a caricature portrait with ease. This instruction booklet will teach you how to draw caricatures quickly with the use of a simple pen and marker, and then move on to using pencil and start conveying shade values and produce realistic portraits with cartooned bodies. Good luck and I hope you enjoy reading!

Ever wonder how those artists can draw caricatures and get such a dead on likeness that often makes you howl with laughter or be amazed at the instant recognition of his subject? You may have seen them at theme parks or at conventions. Maybe you have seen their work in magazines and marveled at the ability to capture a likeness. If you are a budding artist or even an experienced artist that wants to dabble in caricature, this book is for you. Jim van der Keyl takes you behind the curtain of the creative process and breaks down the process in an almost scientific, engineering -like way that explains how a caricature artist approaches his victims, er uh-- subjects!!. This book covers proportions, shapes, visual techniques and theories, anatomy and procedure. Add this to your art library and get started drawing caricatures the way the professionals do today.

Caricature is an old-age art form that uses exaggeration to make a satirical or humorous point. It is, however, underpinned by strong technical principles. This work explains those principles through step-by-step instruction moving from observation to simple aspects of drawing, and then to caricaturing the face feature by feature.
