Designed to provide a more mature, in-depth treatment of mechanics this book focuses on developing a solid understanding of basic principles rather than rote learning of specific methodologies.

Innovation has a dark side. The price of progress is that humans are becoming increasingly predictable, programmable, and machine-like.

ENGINEERING MECHANICS: STATICS, 4E, written by authors Andrew Pytel and Jaan Kiusalaas, provides readers with a solid understanding of statics without the overload of extraneous detail. The authors use their extensive teaching experience and first-hand knowledge to deliver a presentation that's ideally suited to the skills of today's learners. This edition clearly introduces critical concepts using features that connect real problems and examples with the fundamentals of engineering mechanics. Readers learn how to effectively analyze problems before substituting numbers into formulas -- a skill that will benefit them tremendously as they encounter real problems that do not always fit into standard formulas. Going abroad with a Collected Traveler edition is like being accompanied by a group of savvy and observant friends who are intimately familiar with your destination. This edition on Paris features: Distinguished writers, such as Mavis Gallant, Barbara Grizzuti Harrison, Herbert Gold, Olivier Bernier, Richard Reeves, Patricia Wells, Catharine Reynolds, and Gerald Asher, who share seductive pieces about Parisian neighborhoods, personalities, the Luxembourg Gardens, Père-Lachaise and other monuments, restaurants and wine bars, le Plan de Paris, and le Beaujolais Nouveau. Annotated bibliographies for each section with recommendations for related readings. An A-Z "renseignements pratiques" (practical information) section covering everything from accommodations, marches aux puces (flea markets), and money to telephones, tipping, and the VAT. Whether it's your first trip or your tenth, the Collected Traveler books are indispensable, and meant to be the first volumes you turn to when planning your journeys.
