• FIND A DREAM JOB

The five elements-Wood, Fire, Earth, Metal, Water-are the threads of energy that connect all living beings with nature. Learn how each element is expressed not only in nature, but also through you and your home. Start with a quiz to understand your elemental makeup. Then follow the three-step formula to incorporate feng shui into your life. With a room-to-room guide for using the five elements, instructions for healing spaces both inside and outside, and much more, Decorating With the Five Elements of Feng Shui will help you find harmony in your body, your home, and the world.

Impending motherhood serves up a confusing cocktail of heroic strength and terrifying vulnerability. Our culture has seized on the "vulnerability" part of this experience and tends to reinforce a pregnant woman's insecurities instead of encouraging her to embrace this most natural time and trust her body, her intuition, and her own mind. Feng Shui Mommy takes a different approach, helping the expecting mother build her own unique, epic journey to motherhood. It's about supporting her while she shores up her mind-body-spirit alignment so she can best handle the cosmic kick in the uterus and juicy kias on the soul that pregnancy is. Bailey Gaddis guides women through the experience, providing specific suggestions for mind, body, and spirit for each trimester (including the "fourth," after birth), leading to birth preparation designed for each mother and baby, and culminating in strong mother-child bonding. She includes detailed and practical information about prenatal exercise and nutrition, birth preferences and birthing positions, breath work, breastfeeding, and much more. Her advice allows mothers to welcome delight and curiosity into the journey while taking each phase with purpose and calm - and even a sense of fun. This comprehensive guide makes challenge and change joyful, allowing new life to be as incomparably wonder-filled as it is meant to be.
