David McCarthy, Director of Education at Sophia High School, answers the question as to whether online schools are the future of Education by reflecting on past mistakes and learning from them. To understand the future, I am a great believer that one has to know and come to terms with what has happened in the past; otherwise, we keep repeating the same mistakes and are doomed never to step off ...

Lydia Holmes, Director of Sustainability USA Rice Federation argues that rice farmers in America take pride in looking after the land for future generations. When you think of American agriculture, rice might not be the first crop that springs to mind. However, the United States is a leading exporter of rice, accounting for more than 10% of the annual volume of global rice trade.
