The key is to find a group you're comfortable with, and the best place to start is your local bike shop or cycling club. Many organize free weekly group rides at various skill, speed, and experience levels. Some also organize group training sessions, like a group ride that goes out to ride climbing repeats up a local hill.

The performance advantage to riding in a group is that several people can share the responsibility of setting a manageable pace as well as sheltering their riding mates from the wind - a technique known as 'drafting.' The most efficient formation for a large group is to ride side-by-side in pairs, with riders gradually rotating and sharing their turn on the front. How long your turn is depends ...
