Hot-Blooded by Kendall Grey - Books on Google Play

Her aliases include Kendall Day (FALLING FOR MR. SLATER) and Seven Slade (COMING OUT). Kendall lives off a dirt road near Atlanta, Georgia, with three mischievous Demonlings, a dashing geek in cyber armor, a long-haired miniature Dachshund that thinks she's a cat, and an Aussie shepherd mix whose ice-blue eyes will steal your heart and hold it for ransom.

Hot-Blooded by Kendall Grey, Paperback | Barnes & Noble®

Cold Blooded is book 2 in Grey's Ohana series, but it works as a standalone, so you don't need to read Hot Blooded first (although I highly recommend it) to get the story. The writing, as with every book Kendall has ever published, is incredible.

Cold-Blooded ('Ohana Book 2) - Kindle edition by Grey ...

Hot Blooded Ohana 1 Kendall Grey - old.dawnclinic.org

Cold Blooded is book 2 in Grey's Ohana series, but it works as a standalone, so you don't need to read Hot Blooded first (although I highly recommend it) to get the story. The writing, as with every book Kendall has ever published, is incredible.

"Hot-Blooded is hardcore: no holds barred, throw you to the floor and rip your heart out." ?Reviews by Mel "Hot sex, kick-ass female lead character, paranormal, suspense, and tons of emotion. I couldn't put it down." ?Filmchick To Keahilani Alana, family is everything. When her mother dies, Keahilani must take charge of her siblings, but with an underage brother and no education, she's out of both money and options—until she discovers the valuable secret her mother hid on the slopes of an extinct volcano. Blake Murphy is an assassin working to infiltrate a Hawaiian cartel. He's got his sexy surf instructor Keahilani pegged as a criminal—and not just because the passion between them is too hot and too dirty to be legal. But the secret Keahilani discovered is bigger—and darker—than ties to a drug ring. As reality unravels and exposes truths about her family that should have remained deep under the mountain, Keahilani must either resist the call of her blood or risk losing everything to its darkness. When Keahilani's family is threatened, the only cure for her hot-blooded fury is a loaded clip with a body bag chaser. Book 1 in Kendall Grey's 'OHANA paranormal thriller series

As the toughest son with the fewest morals, Man? Alana promised his mother that he'd protect his siblings. Since her death, he's embraced his role as the family heavy, but killing is the one part of his job he hates. And the awful nightmares driving him to commit violence aren't doing him any favors—nor is the sinister, ancient magic calling to him from under the slopes of a dormant volcano. A shakeup in power between rival drug lords reveals a half brother Man? didn't know he had, complicating the Alana family's plans to take over the marijuana trade on Maui. Not only that, but one wrong move could turn the sexy cop he's involved with against the family. When a crime the Alana's fought hard to bury is exposed, their whole cartel is in danger. Now Man?'s blood has him trapped between two clans: the siblings he's loved since they were kids, and the ruthless, shadowy kin he just learned he has. Man?' can either succumb to the darkness threatening to drag him under or tap in to its power and embrace his role as a cold-blooded killer. Book 2 in Kendall Grey's 'OHANA paranormal thriller series "Kendall Grey reminded me why I love paranormal so much! The characters, the world-building, the plot—everything about COLD-BLOODED drew me in from the first page and kept me on the edge of my seat right up until that final, gasp-inducing sentence. Five stars aren't enough for this book!" —Emily Snow, New York Times and USA Today bestselling author

Book 1 in Kendall Grey's "Just Breathe" paranormal romance series.Marine biologist Dr. Zoe Morgan is working her dream job: director of a whale tagging research project. She's in her dream location: the beautiful beaches of Australia. But her sleep is plagued by nightmares-fiery hellscapes, hideous monsters, strange people ... and the gorgeous man who rescues her from them. He might be a figment of her imagination, but he sure feels real.What Zoe doesn't know is that he's not a fantasy. He's a Sentinel charged with protecting humans from Fire Elementals, using his own blend of elemental magic. In the Dreaming, anyway. In the real world, he's Gavin Cassidy, a sexy rock star who indulges in all the excesses that money and fame can buy. Gavin hasn't been summoned to help anyone since his partner's death, and he likes it that way—until he meets Zoe in her dreams. With Zoe, it's impossible to stay detached, impossible to say no. But Dr. Morgan is more than just his muse-she's the key to restoring order in the Dreaming. Gavin never believed he could fall for someone like Zoe, not does he realize he may have to sacrifice the woman he loves to save his country."?I enjoyed this steamy paranormal fantasy romance! Multilayered with likable characters and great chemistry, Inhale is not my usual genre but it pulled me in for a lap around the Dreaming. Looking forward to the next in the series!" - Toby Neal, USA Today bestselling author"A unique paranormal lore with a touch of fantasy, the plot in Inhale is constantly on the move. ... If you're serious about Urban Fantasy novels that kick butt -I highly recommend this one!" - Giselle, Xpresso Reads

During his senior year, Nathan is assigned a craft project that must be accompanied by a written story. The craft portion of the project entails painting a fish, but Nathan accidentally bleeds the colors on one of the fish's fins. What starts as a mistake, becomes the foundation of a story. Bartholomew's Wish is about how our perfect God works through an imperfect fish. This story will give parents a fun platform to speak about Jesus into the lives of their children. It will encourage both parents and children to embrace their differences and believe the truth of God's Word that says we are "fearfully and wonderfully made" and "made in the image of God". It will urge parents and their children toward having the faith to stand firm in the Lord and to "use whatever gifts you received to serve others, as faithful stewards of God's grace in its various forms." As unimportant as you may feel at times, God desires to use us and our differences which make us unique. Like Bartholomew, He may even use our differences to save an entire community!

Tumours of the hand are highly varied, their only common feature being their location in an organ in which preservation of sensation and mobility must be our primary concern. Although the subject of numerous studies, they are not well known to the majority of practitioners, as most of these studies deal with only one type of tumour. Now, however, we have a book devoted entirely to these tumours as a whole, with a clear and logical approach to the clinical features, histology, differential diagnosis and treatment of each type, together with an extensive bibliography. The need for such a work - one I believe to be unique of its kind - has long been felt, for tumours of the hand often raise difficult problems of diagnosis, prognosis and treatment. As regards differential diagnosis, this book is plainly very useful; it can be consulted like a classification. In recent years, diagnosis has been improved by new methods of investigation, such as thermography, scintigraphy, arteriography and serial angiography, etc. Though very expensive, the use of these sophisticated techniques sometimes proves valuable for the diagnosis of certain bony or vascular tumours that would otherwise be difficult to approach. Such methods should not be overused; when the lesion is easily accessible, biopsy is the correct procedure. In every case, biopsy provides the only certain method of diagnosis, even though histological interpretation may be difficult and calls for great expertise; the penalties of error can be very serious.

Documents the author's efforts to help save the critically endangered Hawaiian monk seal species by rescuing a two-day-old abandoned pup, an effort that has involved controversial decisions and studies.

All's fair in love and war ... And this is war Family is just the worst. We've all got that one cousin who's a raging turdhammer. My family thinks it's me: Loki, God of Mischief Extraordinaire. But it's not. It's not even Thor, hammer references aside. It's Odin, the AIIDick. Listen, I'm not mad that I woke up in a woman's body after the apocalypse. These things happen. The problem is, Odin stole my runes. You know, the ones that keep me smart, charming, and oh yeah, immortal. With the AIIDick cockblocking my every move, a frenemy chicken interfering in my biz, and the strange, delicious feelings this new body has for the knight-in-modern armor who keeps coming to my rescue, I'll need every weapon in my war chest (which is bodiciously big—gods, how do you ladies sleep on these things?) if I'm going to survive. Although, I've never been one for the bare minimum. Why only survive when I can thrive? If Odin thought Ragnarok was bad, he's in for the ride of his afterlife when he gets a load of the new me. Book 1 in the Asgard Awakening urban fantasy comedy series

Book 1 in the Hard Rock Harlots Series WARNING: STRINGS is not suitable for slut shamers, uptight stone throwers, Holier-Than-Thou prudes, humorless virgins, persons with chronic neck or back pain, pearl-clutching bitties, those who disparage crude humor or vulgarity in their many forms, closed-minded people with sticks up their asses, or anyone under the age of 18. The vile, base language and shocking, unholly sexual acts contained herein are not condoned by anyone with a lick of sense and should certainly not be reproduced without proper training and protection. The potty-mouthed and perpetually horny "heroine" (the term is used loosely) of this book does not resemble a normal, well-adjusted, or remotely believable person in any way, shape, or form. The author acknowledges that the characters in this book are shallow and two-dimensional; the plot is both ridiculous and insipid. She makes no apologies for any of it. * Readers are strongly advised to wear latex gloves whilst reading to minimize contamination risks. Free-spirited musician Letty Dillinger adheres to a strict, "no strings attached" policy when it comes to men. After a wild night of unabashed sex in a fancy hotel room, she never expects to see the adventurous stud she dubs "Shades" again. When her all-girl rock trio books a tour at the last minute as the opening act for their archenemies, Letty's shocked to discover she knows the competition's new lead singer. Infamously, Shades is no longer a one-night stand. Now he's the guy she has to one-up on stage every night for the sake of her career. Sharing close quarters on a bus with her sexy nemesis and his bad-boy buddies puts Letty's Golden Rule to the test. On this tour, guitar strings aren't the only things being played. And when heartstrings are pulled too hard, they're bound to snap sooner or later.
