If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know. Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.

The lord of snark. Lawrence Dorfman. is back! With this treasury of backhanded compliments, sarcastic insults, and catty comebacks, Dorfman gives us transformative wisdom that 's sure to change your life—or at least induce a light chuckle. One question plagues us all: How do we survive all the Sturm und Drang of everyday life? The answer is but one word: snark. " She wears her clothes as if they were thrown on by a pitchfork. " —Jonathan Swift " Why don ' t you get a haircut? You look like a chrysanthemum. " —P. G. Wodehouse " He ' s a mental midget with the IQ of a fence post. " —Tom Waits " They hardly make ' em like him anymore—but just to be on the safe side, he should be castrated anyway. " —Hunter S. Thompson " He has a Teflon brain ... nothing sticks. " —Lily Tomlin " He has no more backbone than a chocolate éclair. " —Theodore Roosevelt Snark will keep the wolves at bay (or at least out on the porch). Snark, much like a double scotch, will help you deal with relatives, shopping, and rudeness; it is an outlet for the unleashed vitriolic bile that ' s saved itself up over the months. Like a shield, it will protect you while you go about your life. Snark is your answer!

Heinz Kohut's work represents an important departure from the Freudian tradition of psychoanalysis. A founder of the Self Psychology movement in America, he based his practice on the belief that narcissistic vulnerabilities play a significant part in the suffering that brings people for treatment. Written predominantly for a psychoanalytic audience Kohut's work is often difficult to interpret. Siegel uses examples from his own practice to show how Kohut's innovative theories can be applied to other forms of treatment.

According to the Council of Graduate Schools, only 57 percent of students who start their Ph.D.s complete them within ten years, and many times itâ€(tm)s the thesis or dissertation that is holding them back. In this book, you will gain insight regarding the entire research process, from organizing your literature and materials most effectively to analyzing and evaluating the big picture for defense. You will learn how to locate and recognize a topic that is appropriate for your thesis or dissertation, and you will discover how to expand on the subject matter to ensure itâ€(tm)s unique and distinct from any other research out there. This book will ensure that your argument is strong, sound, and persuasive throughout your entire thesis or dissertation, from the introductory chapter through the summarizing conclusive statements, and you will learn how to do so without plagiarizing or cutting corners. You will master how to write ethically, objectively, and properly according to your academic subjectâ€(tm)s standards. With this book as your guide, you will even find out how your research can take you from a proposal to a published writing career. With this book, you will learn everything from the ground-level basics to the more detailed breakdown of the research process. You will gain a strong understanding of the difference between a thesis and dissertation, and you will grasp the components expected of your work â€ regardless of the subject matter of your research. This book will walk you through the entire process step-by-step, teaching you how to structure a planning and writing schedule that will keep the process manageable and not overwhelming. Massage therapists are millionaires waiting to happen. Each and every massage therapist has the capability of becoming a millionaire through various business opportunities. This book, "How to Make a Million Dollars as a Massage Therapist" depicts the opportunities available to massage therapists that compliment their core business services. This book does NOT promote MLM opportunities, rather, additional forms of social, promotional and income-generating activities that promote incredible wealth and ongoing income every single month - even while a massage therapist sleeps. This book shows you EXACTLY how to accomplish all of that, while making a million dollars in a reasonably short amount of time (1-2 years). Learn about how to start collecting email addresses on your website, branding, identifying your ideal client, advertising on a budget, ways you can advertise your site for free, how to increase traffic to your website, the millionaire formula (chapter 3) that shows all the different avenues of income available to you that you should be taking advantage of, time management and delegation so you only work a reasonable number of hours per week, word of mouth advertising, referral networks, business to business advertising, how to make money while educating other people, how to expand on your current service and product offering, staying efficient and productive, how to benefit charities while making a lot of money in the process, how to write an eBook, pay-per-click advertising and how to keep your ad costs to a minimum, secrets and tips (best practices) to using each social media channel like Pinterest and Instagram, creating the best videos for your business, app development, making a membership-only section of your website, self-care, unique selling propositions, how to sell, cross-selling and upsetting, how to get people to share your posts, how to sell to women specifically and how men choose to buy things, and much more. Learn about what you, as a massage therapist, need to do to correct your marketing plans, how you are leaving money on the table with each and every service, how you can educate others and earn thousands of dollars even if you're in a massage session or sleeping, how to promote your business without discounting services, how to drive traffic to your website without spending a fortune, and much, much more. This book focuses on diversification of income-generating opportunities, including how to be efficient, delegate and be incredibly productive. You can make money through self-care, too! Build expertise, improve your reputation dramatically, build an unbelievable following on social media, and be a creator of amazing markets and avenues of media for your clients and the world to benefit from. Pick and choose which channels of income work best for your business in the formula initially while you get other creative elements ready for sale to compliment your business!
