Alan Sealey. Following on from the success of The Motorcycle Book, this extensively illustrated, all-color book provides comprehensive reference for all scooter owners and enthusiasts. From traditional to sports, through big-wheel and Super, all aspects of buying, riding, maintaining and tuning a scooter are included. Whether a beginner or experienced rider, the reader will find all the information they need to get on the road and stay on the road safely. There are detailed sections on how a scooter works and how to keep it running, with extensive maintenance and trouble-shooting chapters.

\*Complete coverage for your Twist and Go Scooter covering 50 to 250cc engines. Your guide to servicing and routine maintenance, engine, transmission, fuel and ignition system repairs, braking, suspension, steering and bodywork repairs. Haynes Hints and Tool Tips give you inside information while its Wrench/Spanner ratings grade all tasks by experience level. \*-Publisher description.

Following the Pulitzer prize-winning collection Stag's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

Break into that barn - you know you want to - there might be a vintage Harley inside. If you won't break in, Tom Cotter will; amazing motorcycles await. Driving down a country road, a flash of chrome catches your eye as you pass an old farmstead. Next time you roll by, you slow down and focus on a shed behind the house. Could that be? Good lord, it is! Hard on the brakes, quick reverse, and pull in the drive. Yep, it's a vintage Triumph Bonneville peering forlornly from beneath a tattered cover. You've just begun the journey that fuels the dreams of every motorcycle collector: the long-forgotten machine, rediscovered. The Harley in the Barn offers forty-plus tales of lost Nortons, hidden Hondas, dormant Indians, and busted BSAs, all squirreled away from prying eyes but found by lucky collectors just like you. Author Tom Cotter is not only a barn-find master, he's also master of discovering the collectors with the best stories and the most outlandish finds. In The Harley in the Barn, all those great stories are told. If you can't pass a padlocked garage without wondering if there's a great old bike stashed inside, this is your book. Hell, this is your life.

Your number one Vespa restoration resource! With plants in 15 different countries and sales numbering well into the millions worldwide, Vespa is the make among scooter marques. Return your Vespa to its original glory with this complete guide to restoring your prized scooter to 100% original. This information-packed, authentic restoration guide covers both the mechanical and cosmetic restoration of all Vespa motorscooters from 1946-1996.

"One icy winter's evening in Budapest, a man runs straight into John Taylor as he walks home through the narrow streets. John falls over into the snow and looks up at the man's face. 'I felt very afraid. Because what I saw was me. My face looking down at me. My mouth saying sorry.' Who is the man, and how will John's life change?

This full-color book covers every aspect of one of the best-loved classic racing machines, from its beginnings back in Small Heath though the Brooklands days, Trials, the Caf é Racer scene to the classic scene of today. Lavishly illustrated.

This is Ken Sprayson's personal account of his life from his early days through his long service with Reynolds to his time as a consultant on welding and fabricating in tubing. His life has been eventful, rich in detail and provides a fascinating flimpse into post-war manufacturing as well as motorcycle racing.
