Mechanical Vibrations - Pearson Education

Mechanical Vibrations
by Rao softcover, IE,
4th edition. Brand New
as described. The exact
same as US version
including all problems
and reading material.

Download Free Mechanical

Just a softcover instead.

Recommended to anyone that would rather buy the IE than the US version. The units are SI(metric) as well so no need to worry about converting them.

Verified Purchase. This book is fabulous, it covers what is needed for the study of Vibrations. It is the main text used for this course at UoT which should be self explanatory.
