NOTE: Mercury DOES NOT Use Model  
Years For Parts Lookup. This Chart Is For  
Reference Only, Since Many Aftermarket  
Parts Manufacturers DO List Parts By  
Year A "0" in front of the serial number is  
not significant, it's a placeholder only for  
Mercury's software. So if your serial  
number is "0 1234567" you would use  
only the "1234567" part of it when looking  
at the chart below
