PHTLS: Prehospital Trauma Life Support, Military Edition consists of the PHTLS core content and features thirteen chapters written by military prehospital trauma care experts for practitioners in the military environment. PHTLS: Prehospital Trauma Life Support, Military Edition is created in partnership between the National Association of Emergency Medical Technicians (NAEMT) and the Committee on Tactical Combat Casualty Care (C-TCCC). Since 1996, TCCC has improved the care rendered in combat prehospital environments. TCCC is the battlefield prehospital component of the Joint Trauma System, an organization within the United States Department of Defense that projects combat trauma care out to the point of injury and continues that care seamlessly while bringing the casualty home for recuperation and rehabilitation. TCCC guidelines are continuously revised and updated by C-TCCC, an all-volunteer group of military medicine and trauma care specialists. The membership of C-TCCC includes combat medics,

Over three decades ago, PHTLS: Prehospital Trauma Life Support transformed the assessment and management of trauma patients in the field. Throughout the years and across the globe, the PHTLS course has improved the quality of trauma patient care and has saved lives. This UK localised edition continues the PHTLS mission to promote excellence in trauma patient management by all clinicians involved in the delivery of prehospital care through global education. This legendary programme was first developed by the National Association of Emergency Medical Technicians (NAEMT) in the early 1980s in cooperation with the American College of Surgeons Committee on Trauma (ACS-COT). The UK edition of this trusted and reliable resource is endorsed by the College of Paramedics. The text has been revised and updated to reflect current, evidence-based knowledge and practice, and brings the established course in line with national guidance to reflect the

paramedic role within the UK. PHTLS promotes critical thinking as the foundation for providing quality care. It is based on the belief that prehospital clinicians make the best decisions on behalf of their patients when given a solid foundation of knowledge and key principles to fuel their critical-thinking skills. A Clear Approach to Assessing a Trauma Patient In the field, seconds count. PHTLS: Prehospital Trauma Life Support teaches and reinforces the principles of rapidly assessing a trauma patient using an orderly approach, immediately treating life-threatening problems as they are identified, and minimizing any delays in initiating transport to an appropriate destination. Dynamic Technology Solutions World-class content joins instructionally sound design with a user-friendly online interface to give instructors and students a truly interactive and engaging learning experience with:

- * eBook of the PHTLS Course Manual that reinforces key concepts presented in the PHTLS course
- * Video demonstrations of critical skills in the PHTLS Online Instructor ToolKit
