God's still small voice "There is great joy in doing something on the spur of the moment. When you do this, you find true freedom of the Spirit. You will find a new joy and freedom, which I long for all My children to have. "Life is so simple. Keep it so. Let nothing weigh you down or depress you. All is very well. Live fully in the

now. "Take no thought for the morrow. Enjoy to the full what is happening now. Keep your consciousness raised, your mind stayed on Me. See My perfection working in you and through you, all your needs have been met, for all I have is yours. "Let the words and the thoughts you have heard so many times become a part of your whole being, so that they are vibrating words which manifest in form and become reality." The messages in this book ask us to have total faith in the process of living -- to trust God, the universe, spirit, love, or whatever we choose to call the divine source. They affirm that there is an inherent wisdom and intelligence in everything, which can be contacted by turning within. Each one of us can do this and find God's still small voice for ourselves. How can a blessing change the world? According to Pierre Pradervand, making the conscious choice to bless every person or being around you can truly make a world of difference in yourself and in others around you. In *The Gentle Art of Blessing*, Pradervand shows that the practice of blessing has the power to create more than just a renewed perspective. It unleashes tangible benefits throughout your entire life -- through your daily interactions, your life-long relationships, and in the way you approach your place in the world. Pradervand describes blessing as genuinely wishing the best for another person through seeing their individual worth and honoring them for it. By looking at several different perspectives -- providing spiritual inspiration from Hinduism, Taoism, the Koran, the Bible, and other important spiritual sources -- *The Gentle Art of Blessing* explores the potential in shifting one's attitude from confrontation and negativity to acceptance and enthusiasm. A powerfully simple way of perceiving and shaping our surroundings, blessings can reflect the unconditional love and acceptance that is necessary for world -- and inner -- peace.
