She is Nefertiti—beautiful and revered. With her husband, Akhenaten, she rules over Egypt, the most affluent, formidable, sophisticated empire in the ancient world. But an epic power struggle is afoot, brought on by the royal couple's inauguration of an enlightened new religion and the construction of a magnificent new capital. The priests are stunned by the abrupt forfeiture of their traditional wealth and influence; the people resent the loss of their gods—and the army is enraged by the growing turbulence around them. Then, just days before the festival that will celebrate the new capital, Nefertiti vanishes. Rahotep, the youngest chief detective in the Thebes division, has earned a reputation for his unorthodox yet effective methods. Entrusted by great Akhenaten himself with a most secret investigation, Rahotep has but ten days to find the missing Queen. If he succeeds, he will bask in the warmth of Akhenaten's favor. But if Rahotep fails, he and his entire family will die.

This book provides a bird ' s eye view of novel ways in which money laundering happens through illegal activities involving art. It can serve as a guide for law enforcement, prosecutors, judges, and others involved in efforts to curb money laundering and financing of terrorism, revealing why somehow new techniques used by criminals have been neglected by law enforcement in most countries. Drawing from his own experience with the matter in both Brazil and in the United States, the author makes a case for broader institutional and regulatory improvement, extending beyond mere regulation of the art market.
