PTAC & PTHP Islandaire designs and manufactures a vast selection of thru-the-wall packaged terminal air conditioners and heat pumps (PTAC & PTHP). These models can be used for direct replacements or for new construction projects in industries including hotel, healthcare, schools/universities, and modular designs.

~~Islandaire Packaged Terminal Air Conditioners (PTAC)~~

The condensate pan of the PTAC chassis can drain to the sill of the surrounding sleeve by either overtopping if condensate is excessive, or through a valve in the sill of the chassis that is activated by low temperature to prevent frost forming on coils. Water also enters the sleeve sill directly from water penetration through the louver.
