So when the hottest guy she's ever seen walks into the shop looking completely overwhelmed, she's more than happy to turn on the charm and help him purchase all of the items on his list. Griffin Mills is using his business trip in Las Vegas as a chance to escape the broken pieces of his life in New York City. The last thing he wants is to be put in charge of buying gag gifts for his friend's bachelor party. Despite being totally out of his element, and mortified by the whole experience, Griffin is

From one of the world's leading neuroscientists: a succinct, illuminating, wholly engaging investigation of how biology, neuroscience, psychology, and artificial intelligence have given us the tools to unlock the mysteries of human consciousness. In recent decades, many philosophers and cognitive scientists have declared the problem of consciousness unsolvable, but Antonio Damasio is convinced that recent findings across multiple scientific disciplines have given us a way to understand consciousness and its significance for human life. In the forty-eight brief chapters of

Feeling & Knowing, and in writing that remains faithful to our intuitive sense of what feeling and experiencing are about, Damasio helps us understand why being conscious is not the same as sensing, why nervous systems are essential for the development of feelings, and why feeling opens the way to consciousness writ large. He combines the latest discoveries in various sciences with philosophy and discusses his original research, which has transformed our understanding of the brain and human behavior. Here is an indispensable guide to understanding how we experience the world
