Strategies for Teaching Content Effectively in the Inclusive Secondary Classroom provides classroom applications, school-wide recommendations and content-specific strategies to support students with disabilities in secondary general education settings. Learn how to develop inclusive climates in the general education classroom and across the entire school; implement content-specific teaching strategies; build stronger partnerships between general and special educators; promote social success among middle and high school students; motivate low achieving students; and assess secondary students with disabilities. Written for secondary special education teachers, general education teachers and support staff.

Effective Online Teaching is an essential resource that offers a clear understanding of how cognition and learning theory applies to online learning. This much-needed resource provides specific strategies for incorporating this knowledge into effective learner-centered teaching that gets results. The book includes strategies on motivation, tailored instruction, interaction, collaboration, monitoring and communication, time and information management, student concerns, and legal and ethical issues. Designed as a text for online instructors, the chapters can be used for self-directed learning or in a formal training setting in concert with the companion Training Manual and CD. "Tina Stavredes has done something sorely needed in the online teaching world —she has successfully combined solid theory and research with the practical application of instructor training. Both the book and the training manual are a 'must' for any online education organization. Bravo!"—Dr. Darcy W. Hardy, assistant vice provost for Technology Education Initiatives, University of Texas at San Antonio, and chair emerita, United States Distance Learning Association "Drawing from years of experience and solidly grounded in an understanding of the adult learner and learning, Stavredes offers dozens of helpful instructor strategies, activities, and resources to support adult learners' success in an online environment. Effective Online Teaching and its accompanying training manual is a 'must-have' set for online instructors in higher education, corporate, and government settings."—Sharan B. Merriam, professor emeritus of adult education, University of Georgia, and coauthor, Learning in Adulthood "An eminently practical book that provides clear and unpretentious explanations of the learning theories that are essential knowledge for every online teacher, together with equally uncluttered and easy-to-follow guidance about how to apply this knowledge to achieve excellent teaching."—Michael Grahame Moore, Distinguished Professor of Education, The Pennsylvania State University, and editor, The American Journal of Distance Education

Featuring a wealth of reflection activities and connections to standards, this concise, easy-to-read teaching methods text equips students with the content knowledge and skills they need to become effective K-8 teachers. The book maximizes instructional flexibility, reflects current educational issues, highlights recent research, and models best pedagogical practices. Current and realistic examples, a section in each chapter on using technology in the classroom, and material on differentiating instruction for diverse learners—including students with special needs and English language learners—make this a must-have resource for any K-8 teacher.

How can teachers make content-area learning more accessible to their students? This text addresses instructional issues and provides a wealth of classroom strategies to help all middle and secondary teachers effectively enable their students to develop both content concepts and strategies for continued learning. The goal is to help teachers model, through excellent instruction, the importance of lifelong content-area learning. This working textbook provides students maximum interaction with the information, strategies, and examples presented in each chapter. Content Area Reading and Learning: Instructional Strategies, Third Edition is organized around five themes: Content Area Reading: An Overview The Teacher and the Text The Students The Instructional Program School Culture and Environment in Middle and High School Classrooms Pedagogical features: Each chapter includes a graphic organizer, a chapter overview, a Think Before Reading Activity, one or more Think While Reading Activities, and a Think After Reading Activity. The activities present questions and scenarios designed to integrate students' previous knowledge and experience with their new learnings about issues related to content area reading, literacy, and learning, and to serve as catalysts for thinking and discussions. New in the Third Edition The latest information on literacy strategies in every content area Research-based strategies for teaching students to read informational texts Up-to-date information for differentiating instruction for English-speaking and non-English speaking students An examination of youth culture and the role it plays in student learning A look at authentic learning in contexts related to the world of work Ways of using technology and media literacy to support content learning Suggestions for using writing in every content area to enhance student learning Ideas for using multiple texts for learning content A focus on the assessment-instruction connection Strategies for engaging and motivating students Content Area Reading and Learning: Instructional Strategies, Third Edition, is intended as a primary text for courses on middle and high school content area literacy and learning.

Create powerful teaching partnerships that promote success for every student in inclusive classrooms! Ideal for both general and special education classrooms, this indispensible resource integrates interpersonal skills, instructional design, and teaching philosophy to guide educators through the beginning stages of co-teaching relationships toward smooth collaboration. The authors provide proven instructional strategies such as visuals, mnemonics, formative assessment, and more, for use within co-teaching partnerships. Additional resources include: Chapter activities and checklists for planning lessons Case studies from various subject areas and grade levels to illustrate the realities of co-teaching Resources such as books, videos, and helpful Web sites

How can teachers make content-area learning more accessible to their students? This text addresses instructional issues and provides a wealth of classroom strategies to help all middle and secondary teachers effectively enable their students to develop both content concepts and strategies for continued learning. This textbook is intended as a primary text for courses on middle and high school content area literacy and learning.

All teachers know that a robust vocabulary gives students the communication skills they need to do well on tests and shine in the classroom—and the best way to ensure successful vocabulary instruction is to embrace new and engaging strategies that don't take too much time away from other work. To get the clock on their side and do what's best for their students, teachers need to learn how to provide short and effective vocabulary mini-lessons that can be used at any point during class. Marilee Sprenger's Vocab Rehab model offers teachers easy-to-implement 10-minute instructional strategies that can help time-strapped teachers ensure that their students have a sound grasp of both general and content-specific words across grade levels and subject areas.

Strategies for Teaching Large Classes Effectively in Higher Education helps educators effectively harness the power of the large class to support student learning. The book features advice from instructors across disciplines, results from the initiatives they've tried, and scholarship to support their claims. The text emphasizes the ideas that a large class represents an opportunity and scholarly teaching can occur in a class of any size. The book begins
