Disappointingly, McEwan 's customary " wilful narrative sadism " is largely missing from Sweet Tooth. In its place is the smooth contrivance at which he excels.

Ian McEwan remains one of my favorite living authors. His latest novel SWEET TOOTH makes my affection for him even deeper. This is another of those stories like Kazuo Ishiguro's NEVER LET ME GO that too much said about the plot ruins the novel for other readers.

' Sweet Tooth ' by Ian McEwan - The Boston Globe

From literary superstar Ian McEwan Ian McEwan comes Nutshell, a gloriously entertaining, wonderfully imagined novel, a mesmerizing thriller to delight all readers. Trudy has betrayed her husband, John, who trusts and adores her. She ' s living in the marital home – a dilapidated, and priceless London townhouse – but John ' s not there.

In this stunning new novel, Ian McEwan ' s first female protagonist since Atonement is about to learn that espionage is the ultimate seduction. Cambridge student Serena Frome ' s beauty and intelligence make her the ideal recruit for MI5. The year is 1972. The Cold War is far from over. England ' s legendary intelligence agency is determined to manipulate the cultural conversation by funding writers whose politics align with those of the government. The operation is code named " Sweet Tooth. " Serena, a compulsive reader of novels, is the perfect candidate to infiltrate the literary circle of a promising young writer named Tom Haley. At first, she loves his stories. Then she begins to love the man. How long can she conceal her undercover life? To answer that question, Serena must abandon the first rule of espionage: trust no one. Once again, Ian McEwan ' s mastery dazzles us in this superbly deft and witty story of betrayal and intrigue, love and the invented self.

NOW A MAJOR MOTION PICTURE The #1 bestselling author of Saturday and Atonement brilliantly illuminates the collision of sexual longing, deep-seated fears and romantic fantasy in his unforgettable, emotionally engaging novel. The year is 1962. Florence, the daughter of a successful businessman and an aloof Oxford academic, is a talented violinist. She dreams of a career on the concert stage and of the perfect life she will create with Edward, the earnest young history student she met by chance and who unexpectedly wooed her and won her heart. Edward grew up in the country on the outskirts of Oxford where his father, the headmaster of the local school, struggled to keep the household together and his mother, brain-damaged from an accident, drifted in a world of her own. Edward ' s native intelligence, coupled with a longing to experience the excitement and intellectual fervour of the city, had taken him to University College in London. Falling in love with the accomplished, shy and sensitive Florence--and having his affections returned with equal intensity--has utterly changed his life. Their marriage, they believe, will bring them happiness, the confidence and the freedom to fulfill their true destinies. The glowing promise of the future, however, cannot totally mask their worries about the wedding night. Edward, who has had little experience with women, frets about his sexual prowess. Florence ' s anxieties run deeper: she is overcome by conflicting emotions and a fear of the moment she will surrender herself. From the precise and intimate depiction of two young lovers eager to rise above the hurts and confusion of the past, to the touching story of how their unexpressed misunderstandings and fears shape the rest of their lives, On Chesil Beach is an extraordinary novel that brilliantly, movingly shows us how the entire course of a life can be changed--by a gesture not made or a word not spoken.

New from Ian McEwan, Booker Prize winner and international bestselling author of Atonement and The Children Act Machines Like Me takes place in an alternative 1980s London. Charlie, drifting through life and dodging full-time employment, is in love with Miranda, a bright student who lives with a terrible secret. When Charlie comes into money, he buys Adam, one of the first synthetic humans and—with Miranda's help—he designs Adam's personality. The near-perfect human that emerges is beautiful, strong, and clever. It isn't long before a love triangle soon forms, and these three beings confront a profound moral dilemma. In his subversive new novel, Ian McEwan asks whether a machine can understand the human heart—or whether we are the ones who lack understanding.

A jewel of a short story from the author of Atonement and Nutshell— " My Purple Scented Novel " follows the perfect crime of literary betrayal, scrupulously wrought yet unscrupulously executed. Published to celebrate Ian McEwan ' s 70th birthday. " You will have heard of my friend the once celebrated novelist Jocelyn Tarbet, but I suspect his memory is beginning to fade. . . . You ' d never heard of me, the once obscure novelist Parker Sparrow, until my name was publicly connected with his. To a

knowing few, our names remain rigidly attached, like the two ends of a seesaw. His rise coincided with, though did not cause, my decline. . . . I don't deny there was wrongdoing. I stole a life, and I don't intend to give it back. You may treat these few pages as a confession. ”

New from the bestselling author of *Atonement* and *The Children Act* Trudy has betrayed her husband, John. She's still in the marital home—a dilapidated, priceless London townhouse—but John's not there. Instead, she's with his brother, the profoundly banal Claude, and the two of them have a plan. But there is a witness to their plot: the inquisitive, nine-month-old resident of Trudy's womb. Told from a perspective unlike any other, *Nutshell* is a classic tale of murder and deceit from one of the world's master storytellers.

Set in late 1980s Europe at the time of the fall of the Berlin Wall, *Black Dogs* is the intimate story of the crumbling of a marriage, as witnessed by an outsider. Jeremy is the son-in-law of Bernard and June Tremain, whose union and estrangement began almost simultaneously. Seeking to comprehend how their deep love could be defeated by ideological differences Bernard and June cannot reconcile, Jeremy undertakes writing June's memoirs, only to be led back again and again to one terrifying encounter forty years earlier—a moment that, for June, was as devastating and irreversible in its consequences as the changes sweeping Europe in Jeremy's own time. In a finely crafted, compelling examination of evil and grace, Ian McEwan weaves the sinister reality of civilization's darkest moods—its black dogs—with the tensions that both create love and destroy it.

The setting is Berlin. Into this divided city, wrenched between East and West, between past and present; comes twenty-five-year-old Leonard Marnham, assigned to a British-American surveillance team. Though only a pawn in an international plot that is never fully revealed to him, Leonard uses his secret work to escape the bonds of his ordinary life -- and to lose his unwanted innocence. The promise of his new life begins to be fulfilled as Leonard becomes a crucial part of the surveillance team, while simultaneously being initiated into a new world of love and sex by Maria, a beautiful young German woman. It is a promise that turns to horror in the course of one terrible evening -- a night when Leonard Marnham learns just how much of his innocence he's willing to shed.

From the Booker Prize winning author of *Amsterdam*, a brilliant new novel. On the hottest day of the summer of 1935, thirteen-year-old Briony Tallis sees her sister Cecilia strip off her clothes and plunge into the fountain in the garden of their country house. Watching her is Robbie Turner, son of the Tallis's cleaning lady, whose education has been subsidized by Cecilia's and Briony's father, and who, like Cecilia, has recently come down from Cambridge. By day's end, their lives will be changed – irrevocably. Robbie and Cecilia will have crossed a boundary they had not imagined at its start. And Briony will have witnessed mysteries, seen an unspeakable word, and committed a crime for which she will spend the rest of her life trying to atone... Brilliant and utterly enthralling in its depiction of love and war and class and childhood and England, *An Atonement* is a profound – and profoundly moving – exploration of shame and forgiveness, of atonement and of the possibility of absolution.

Now a Major Motion Picture starring Emma Thompson, Stanley Tucci, and Fionn Whitehead. One of the Best Books of the Year: *The Washington Post*, NPR, *Vogue*, *BookRiot* Fiona Maye is a leading High Court judge who presides over cases in the family division. She is renowned for her fierce intelligence, exactitude, and sensitivity. But her professional success belies private sorrow and domestic strife. There is the lingering regret of her childlessness, and now her marriage of thirty years is in crisis. At the same time, she is called on to try an urgent case: Adam, a beautiful seventeen-year-old boy, is refusing for religious reasons the medical treatment that could save his life, and his devout parents echo his wishes. Time is running out. Should the secular court overrule sincerely expressed faith? In the course of reaching a decision, Fiona visits Adam in the hospital—an encounter that stirs long-buried feelings in her and powerful new emotions in the boy. Her judgment has momentous consequences for them both.

Darkly brilliant short fiction by the New York Times-bestselling, Booker Prize-winning author of *Machines Like Me* and *Atonement*. A two-timing pornographer becomes the unwilling object in the fantasies of one of his victims. A jaded millionaire buys himself the perfect mistress and plunges into a hell of jealousy and despair. Over the course of a weekend, a guilt-ridden father with his teenage daughter discovers the depths of his own blundering innocence. Whether these are the written transcripts of dreams or deadly accurate maps of the tremor zones of our psyche, all seven stories in this collection implicate us in the most fearful ways imaginable. “ His stories are complex and his prose, like Orwell's, is as clear as windowpane... McEwan's comic edge gives these stories a moral force. They are not meant simply to shock and horrify middle-class readers. Rather, like all good satire, they seek to unmask hypocrisy and cruelty. ” —*The Washington Post Book World*
