Targeted Killings - Wikipedia

A targeted killing is, loosely defined, the intentional killing of a specific individual, often undertaken against enemy soldiers, but also used for other purposes. Targeted killings have been Targeted Killing - Lawfare

Targeted Killing - Lawfare

Academics, policymakers, the media, and others regularly debate the international legality of the U.S. government ' s targeted killing program. That debate centers on the permissibility of USG targeting under two international legal frameworks: jus ad bellum (which governs the decision of whether or not to use force) and jus in bello (which governs the way that warfare, once undertaken, is conducted).

Legality of Targeted Killing Program under International Law

The U.S. targeted killing program operates without meaningful oversight outside the executive branch, and essential details about the program still remain secret, including what criteria the government uses to put people on CIA and military kill lists as well as how much evidence is required before it does so. The U.S. Constitution and international law prohibit the use of lethal force outside ...
