The Last days of Magic by Mark Tompkins The Last Days of Magic is a quasi-historical fantasy set in Ireland. Drawn from the legends of Ireland and from (believe it or not!) the Dead Sea Scrolls, The Last Days of Magic tells the story of the Nephilim, the hybrid offspring of angels and humans, and the Sidhe ("shee"), the Irish faeries of whom much has been written.

The magic of the Druids was ultimately about the ascension and purification of the soul and had much in common with Buddhism. This book uses various elements of Celtic, Norse and other lore to create a super-violent world of murder and torment to titillate the reader. The magic here is sad and pointless and one is glad that it meets its "last days."

“What will you do when the magic is gone?” Sander Bree is a royal mage. Steeped in privilege, he lives a cushy life advising the king on matters of court and politics, yet still complains that he's stuck in a rut. Rosheen Katell is a freelance mage and, with Anzu her griffin, she's worked hard to build a reputation as a trustworthy truth seer. She never lies, never kills. The source of their power is the Lapis Moon in orbit above. Very soon, that magic will be gone, changing their lives and their world forever. Sander must keep a promise that would have been difficult enough with magic, but is a suicide mission without it. Rosheen is forced to side with a murderous warlord, and her once-solid principles are tested and found wanting. Both will be set against one another in a war unlike anything the world has seen before, in this sweeping fantasy of magic's ending. \*\* “Mark Stay paints his world and characters with deft, confident and dark strokes.” “ RJ Barker, author of the Wounded Kingdom Trilogy “The sort of book you give to people who say “prove to me why I should read fantasy”... A simply terrific read.” “ James Barclay, author of the Legends of the Raven series “Takes the tropes of high fantasy and uses them to wield an original, compelling and intricately plotted story... exactly the kind of fantasy that we need more of.” “ Gavin G. Smith, author of the Veteran series

The war between witches reaches its terrifying climax in the final book in Wall Street Journal bestselling author J.D. Horn's spellbinding trilogy. Once caged in an illusory realm by blood relatives, Alice Marin has been freed into a world where the last remnants of magic are quickly passing away. Dissolving with them is the unity among witches...and their sanity. Grappling with the revelations of her true parentage--and her burgeoning relationship with Nathalie Boudreau, a psychic with her own demons--Alice and her allies, both living and dead, must draw on every skill they possess. It's the only way to defeat the destructive forces borne of the horrifying history of Alice's own family. That means unlocking the final secrets of The Book of Unwinding. Now, on the longest night of the year, the streets of New Orleans will become a battleground as Alice and the few she can trust engage in a war amid the final days of magic. But the revelations that lie ahead may be too dark to escape.

Here is a truth that can't be escaped: for Mia "Rabbit" Hayes, life is coming to an end . . . Rabbit Hayes loves her life, ordinary as it is, and the extraordinary people in it. She loves her spirited daughter, Juliet; her colorful, unruly family; the only man in her big heart, Johnny Faye. But it turns out the world has other plans for Rabbit, and she's okay with that. Because she has plans for the world too, an only a handful of days left to make them happen. Here is a truth that won't be forgotten: this is a story about laughing through life's surprises and finding the joy in every moment.

The Emperikul have arrived, leaving universes purged of magic in their wake. Their next target? The Marvel Universe. And with Doctor Strange weakened beyond measure, we don't have a chance! Collecting Doctor Strange #6-10 and Doctor Strange: Last Days of Magic (subject to change).

\*25th Anniversary Edition\*—with an Introduction by the Author! The Owens sisters confront the challenges of life and love in this bewitching novel from the New York Times bestselling author of *The Rules of Magic* and *Magic Lessons*. For more than two hundred years, the Owens women have been blamed for everything that has gone wrong in their Massachusetts town. Gillian and Sally have endured that fate as well: as children, the sisters were forever outsiders, taunted, talked about, pointed at. Their elderly aunts almost seemed to encourage the whispers of witchery, with their musty house and their exotic concoctions and their crowd of black cats. But all Gillian and Sally wanted was to escape. One will do so by marrying, the other by running away. But the bonds they share will bring them back—almost as if by magic... “Splendid...Practical Magic is one of [Hoffman's] best novels, showing on every page

"An anthology celebrating the witches and sorcerers of epic fantasy--featuring stories by George R. R. Martin, Scott Lynch, Megan Lindholm, and many more! Hot on the heels of award-winning editor Gardner Dozois's (Rogues, Old Venus) acclaimed anthology The Book of Swords comes this companion volume devoted to magic. How could it be otherwise? For every Frodo, there is a Gandalf...and a Saruman. For every Dorothy, a Glinda...and a Wicked Witch of the West. What would Harry Potter be without Albus Dumbledore...and Severus Snape? Figures of wisdom and power, possessing arcane, often forbidden knowledge, wizards and sorcerers are shaped--or misshaped--by the potent magic they seek to wield. Yet though their abilities may be godlike, these men and women remain human...some might say all too human. Such is their curse. And their glory. In these pages, seventeen of today's top fantasy writers--including award-winners K. J. Parker (The Two of Swords), Megan Lindholm (The Windsingers), John Crowley (The Deep), Tim Powers (Last Call), Liz Williams (Snake Agent), Elizabeth Bear (Eternal Sky Trilogy), George R. R. Martin (A Song of Ice and Fire), Kate Elliott (The Court of Fives Trilogy), Scott Lynch (The Republic of Thieves), and more--cast wondrous spells that thrillingly evoke the mysterious, awesome, and at times downright terrifying worlds where magic reigns supreme: worlds as far away as forever...and as near as next door"--
