whole kingdom who did not love the Princess. The Princess is kidnapped by the evil Wizard Hirmu who took her far away to Lapland. The brave young Arab prince Abderraman made it his mission to rescue the Princess and after much searching and tribulations he found the Princess Arabella and took her back to her father. The grateful King gave the Princess's hand in marriage to the Prince and they married and lived happily ever after. I have left the story in its original version, it is as topical today as it was then, but I have edited a lot of the old style words to make them look and sound modern. I have added some
