Ismail Kadare's "The Pyramid" is a parable about totalitarian system of government and about the dynamics of relationships between tyrants and their subjects. In the 26th century BC, Cheops, the pharaoh of Egypt, influenced by his advisors, decrees that a huge pyramid be built for his tomb.

The Pyramid by Ismail Kadare - Goodreads

Ismail Kadare takes a historical event of 2,600 years ago, the building of the Pyramid of Cheops, and creates an eery and suspense filled novel. There are intrigues and plots, and political purifications. Clearly, the monument is a testament to the human beings who built it, their spirit, creativity, their blood, sweat, and tears.

Fiction Book Review: The Pyramid by Ismail Kadare, Author ...

The Pyramid is not a historical novel — it makes no attempt to describe ancient Egypt — but rather an extended, multi-faceted parable of life in Albania under the communist dictatorship, with its grandiose plans and its paranoia, uncertainty, and arbitrariness. There is no plot as such and the characters are only pop-ups — the Sumerian ambassador baking tablets instead of carving stone, the scholar A.K. denouncing the "degenerate linguist" Jaqub Har, a group of working class tomb ...

Egypt in the twenty-sixth century BC. The young pharaoh Cheops wants to forgo the construction of a pyramid in his honor, but his court sages hasten to persuade him otherwise. The pyramid, they tell him, is not a tomb but a paradox, designed to appease the masses by oppressing them. It is a symbol of nothing, a useless and infinite project designed to waste the country's wealth and keep security and prosperity, ever the fonts of sedition, constantly at bay. And so the greatest pyramid in the world has ever seen begins to rise. Rumors multiply. A secret police is formed. Conspiracies—real and imagined—swirl around the rising edifice. The most drastic purges follow. By the time the first stone is laid, Cheops's subjects are terrified enough to yield to his most murderous whims. Each time one of the massive stones is hoisted into place, dozens of men are crushed, and there are tens of thousands of stones. . . .

Young Pharaoh Cheops is persuaded of the necessity of building a pyramid as a means of controlling his subjects and keeping them busy, poor, and docile, but as the project advances

he becomes more and more brutal

Oliver is eighteen and wants to enjoy himself before going to university. But this is the 1920s and he lives in Stilbourne, a small English country town where everyone knows what everyone else is getting up to, and where love, lust and rebellion are closely followed by revenge and embarrassment.

On Dec. 13, 1981 Mehmet Shehu, a man who was number two in the Albanian government, was killed. Was it murder or suicide? Many different politicians in the country might stand to gain from this death. A wonderful analysis of dictatorship and communistic government.

..a magical parable of love, death and the power of familial bonds."--Stephen Salisbury, New York Times Book Review

In the mid-1930s, two Irish Americans travel to the Albanian highlands with an early model of a marvelous invention, the tape recorder. Their mission? To discover how Homer could have composed works as brilliant and as long as The Iliad and The Odyssey without ever putting pen to paper. The answer, they believe, can be found only in Albania, the last remaining habitat of the oral epic. But immediately upon their arrival, the scholars' seemingly arcane research excites suspicion and puts them at the center of ethnic strife in the Balkans. Mistaken for foreign spies, they are placed under surveillance and are dogged by gossip and intrigue. It isn't until a fierce-eyed monk from the Serbian side of the mountains makes his appearance

Online Library The Pyramid Ismail Kadare

that the scholars glimpse the full political import of their search for the key to the Homeric question.

Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

Psychologically incisive and impeccably crafted, *Agamemnon's Daughter* tells the crushing story of passion shattered by a heartless regime. Once again, Kadare denounces with rare force the machinery of oppression, drawing us back to the ancient roots of Western civilization and tyranny. This collection also showcases two masterful stories: "The Blinding Order," a parable about the uses of terror in the Ottoman Empire, and "The Great Wall," a chilling duet between a Chinese official and a soldier in the invading army of the great conqueror,

Tamerlane.

An old woman is awoken in the dead of night by knocks at her front door. The woman opens it to find her daughter, Doruntine, standing there alone in the darkness. She has been brought home from a distant land by a mysterious rider she claims is her brother Konstandin. But unbeknownst to her, Konstandin has been dead for years. What follows is chain of events which plunges a medieval village into fear and mistrust. Who is the ghost rider?

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with

Online Library The Pyramid Ismail Kadare

pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, The Siege is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.
