Deploying his own distinctive brand of diplomacy — and his characteristic acerbic wit — Hoffmann tries to convince the man to end the standoff while he still can. As the hot summer days tick by and the tension builds toward the shocking climax, Hoffmann is forced to reconsider who is friend and who is foe. It's been 101 days since Felix Hoffmann's girlfriend, Celine, left Berlin in a humanitarian convoy carrying aid to Kurdish northern Iraq. Now her coffin returns home. With the Iraq War all but begun, the story coming from Baghdad is that the young woman orchestrated the very bomb attack that killed her. But a devastated Felix, doctor at South Berlin Hospital, cannot believe that Celine would willingly participate in such an act, and certain clues--as well as questioning from German, Iraqi, and American agencies--raise the good doctor's suspicions. A cryptic e-mail propels Felix to seek out the truth of what really happened to his lover. He discovers that part of the

The more knowledge and skills that caregivers can gain about these issues the better. advocacy for bicycling has focused mainly on the interests of white upwardly mobile bicyclists, leading to neighborhood conflicts and accusations of racist planning. In *Bike Lanes Are White Lanes*, scholar Melody L.

Hoffmann argues that the bicycle has varied cultural meaning as a “rolling signifier.” That is, the bicycle’s meaning changes in different spaces, with different people, and in different cultures. The rolling signification of the bicycle contributes to building community, influences gentrifying urban planning, and upholds systemic race and class barriers. From a pro-cycling perspective, *Bike Lanes Are White Lanes* highlights many problematic aspects of urban bicycling culture and its advocacy as well as positive examples of people trying earnestly to bring their community together through bicycling.
