The Schopenhauer Cure is a 2005 novel by Irvin D. Yalom, Emeritus Professor of Psychiatry at Stanford University, an existentialist, and psychotherapist. The story takes place around group therapies coordinated by Julius Hertzfeld and the influence and participation of a former patient, Philip Slate:

The Schopenhauer Cure - Wikipedia

The Schopenhauer Cure can serve as a textbook for a group therapy class (or at least an extended case study to be read along with an actual textbook), but it's an absorbing novel in its own right. The book's action primarily takes place in a counseling office, with the characters working out their problems in a psychotherapy group.

The Schopenhauer Cure by Irvin D. Yalom

The Schopenhauer Cure did not disappoint. Highly entertaining, extremely informative and a delight to read. I can hardly wait for my daily dose of reading and feel that this book needs to be on all recommended reading lists for anyone training or developing their counselling/therapy skills.

The Schopenhauer Cure: Amazon.co.uk: Yalom, Irvin D ...

by Irvin D. Yalom. The author of *The Schopenhauer Cure*, Irvin Yalom, who is a psychotherapist and a professor of psychiatry in California, has written many textbooks on psychotherapy and is a favourite author of psychotherapy students. His book *A Gift Of Therapy* has been a constant companion of mine. I really like this book, *The Schopenhauer Cure*, because it is a textbook in that it is full of interesting information, but it is written as a novel, which makes it more compelling to read.

the schopenhauer cure a novel

Schopenhauer Cure is a good way to learn group psycho-therapeutic practice. Reads like a novel (and it is) and shows that the therapist does his/her clients more good by being an integral part of the group rather than as a stone faced know-it-all. Yalom is definitely NOT a Freudian. His methodology is largely Existential/eclectic counseling.

The Schopenhauer Cure: A Novel by Irvin Yalom (9780060938109)

The Schopenhauer Cure combines historic accounts and modern day fiction in a fascinating novel about mortality and personal transformation. The main plot is about a fictional support group, facilitated by prominent Psychotherapist Julius Hertzfeld in the last year of his life.
