A tractor repair manual written for the experienced mechanic by professionals in an easy-to-use format , including numerous photos, illustrations and exploded views.

Explains how to get accustomed to the new operating system and master its features, covering topics such as using menus and control panels, networking multiple PCs, and finding lost files.

After devastating betrayal at the hands of his oversexed wife, Benny is still determined to save his marriage. The move across the country is supposed to be a new start, but Benny's pain and distrust makes moving on easier said than done. Could his anger turn violent, or will forgiving Autumn be the key to healing their marriage? Autumn wants to save her marriage, and she vows to be faithful to her husband and earn his trust again. Things are going well, and Autumn and Benny are slowly finding their way back to each other, until she meets a handsome officer. Jordan Travers' quiet life is turned upside down when the beautiful Autumn literally falls in his lap. Before he knows it, he is caught up in an affair that threatens to destroy his marriage and his career. He makes it his mission to protect Autumn at all cost, no matter what's at stake. Find out what happens when love just isn't enough, in this steamy tale of lust and consequences.

It's the first day of junior high school. Imagine yourself lost, overwhelmed by new people (especially cute boys), scared of strict teachers, and nervous over the sudden changes from the comforts of elementary school. That's the situation that hysterical Christina, scattered Daisy, and self-conscious Mallory find themselves in as they enter the intimidating new world of junior high school. Without the use of modern day technology (e.g. cell phones), the girls release their concerns in the form of handwritten notes to their fourth bestie, Summer. Discover the pressures they face, boys they date, laughs they share, and obstacles they overcome as they survive their first year of junior high in Tales of a Sevie, the first book in the new series, Life As We Note It.

Offers parents advice on handling common child-rearing problems by using such techniques as looking for good behavior, acknowledging feelings, reducing power struggles, and setting reasonable limits
