law, their underlying rationale or policy, and how (or whether) a rule can be superseded by the mutual consent. Real-world examples help foster practical skills required of attorneys in real estate firms, and the text is appropriate for both a basic Real Estate Transactions or Finance course and also advanced seminars. Topical and chronological organization features coverage of both Real Estate Sales and Real Estate Finance and follows the lending cycle in modern financing. Questions and planning problems help students examine issues in the context of relevant transactions and documents for sale, finance, leasing, and development transactions. The authors are scholar-practitioners who skillfully mix practical skills and theory students will need in today's competitive legal markets. Key Features: sophisticated, yet teachable—thoroughly explains complex legal, business, and tax issues in real estate transactions transactional, interdisciplinary approach teaches the general rules of law shows underlying rationale or policy explores how (or whether) a rule can be superseded by mutual consent real-world examples and accessible explanations topical and chronological organization coverage of both Real Estate Sales and Real Estate Finance follows lending cycle in modern real estate financing appropriate for both basic Real Estate Transactions or Finance course and advanced seminars relevant questions and planning problems written by scholar-practitioners who
