In one sense, there's nothing special about "Holy Week." Just another sequence of eight days each spring – nothing is intrinsically holy about this Sunday to Sunday that moves around the calendar each year. We have no mandate from Jesus or his apostles to mark these days for particular observance.

The New York Times bestselling author and trusted spiritual adviser offers a follow-up to his classic *Care of the Soul*. Something essential is missing from modern life. Many who've turned away from religious institutions—and others who have lived wholly without religion—hunger for more than what contemporary secular life has to offer but are reluctant to follow organized religion's strict and often inflexible path to spirituality. In *A Religion of One's Own*, bestselling author and former monk Thomas Moore explores the myriad possibilities of creating a personal spiritual style, either inside or outside formal religion. Two decades ago, Moore's *Care of the Soul* touched a chord with millions of readers

yearning to integrate spirituality into their everyday lives. In *A Religion of One's Own*, Moore expands on the topics he first explored shortly after leaving the monastery. He recounts the benefits of contemplative living that he learned during his twelve years as a monk but also the more original and imaginative spirituality that he later developed and embraced in his secular life. Here, he shares stories of others who are creating their own path: a former football player now on a spiritual quest with the Pueblo Indians, a friend who makes a meditative practice of floral arrangements, and a well-known classical pianist whose audiences sometimes describe having a mystical experience while listening to her performances. Moore weaves their experiences with the wisdom of philosophers, writers, and artists who have rejected materialism and infused their secular lives with transcendence. At a time when so many feel disillusioned with or detached from organized religion yet long for a way to move beyond an exclusively materialistic, rational lifestyle, *A Religion of One's Own* points the way to creating an amplified inner life and a world of greater purpose, meaning, and reflection.

AN ILLUMINATING ACCOUNT OF THE DMK AND ITS CHARISMATIC FOUNDER In 1967, C.N. Annadurai became the chief minister of Madras state, when his party, the DMK, swept to power for the first time. In this definitive biography, R. Kannan traces the growth of Annadurai—from a young protégé of the radical thinker Periyar E.V. Ramasamy into a revered leader known as Anna, or elder brother. Kannan draws on Anna's considerable body of writing, and the memoirs of other leaders and authors in Tamil, to candidly examine Anna's complex relationship with Periyar and his disillusionment with the corruption he witnessed when in power. Featuring luminaries like Rajagopalachari and Kamaraj, K. Karunanidhi and MGR, among many others, Anna offers a warm and rounded portrait of a man who showed the way for the democratic expression of regional aspirations within a united India.

The technology boom of recent years has given kids numerous reasons to stay inside and play, while parents' increasing safety concerns make it tempting to keep children close to home. But what is being lost as fewer kids spend their free time outdoors? Deprived of meaningful contact with nature, children often fail to develop a significant relationship with the natural world, much less a sense of reverence and respect for the world outside their doors. *A Natural Sense of Wonder* is one father's attempt to seek alternatives to the "flickering waves of TV and the electrifying boing of video games" and get kids outside and into nature. In the spirit of Rachel Carson's *The Sense of Wonder*, Rick Van Noy journeys out of his suburban home with his children and describes the pleasures of walking in a creek, digging for salamanders, and learning to appreciate vultures. Through these and other "walks to school," the Van Noys discover what lives nearby, what nature has to teach, and why this matters. From the backyard to the hiking trail, in a tide pool and a tree house, in the wild and in town, these narrative essays

explore the terrain of childhood threatened by the lure of computers and television, by fear and the loss of play habitat, showing how kids thrive in their special places. In chronicling one parent's determination (and at times frustration) to get his kids outside, A Natural Sense of Wonder suggests ways kids both young and old can experience the wonder found only in the natural world.

Daily encouragement for parents who realize the things they want most for their kids are things only God can do . . . so they pray. As parents we want to protect our children; we want them to move forward in life; most importantly, we want them to take hold of and grow in Christ. And while the advice offered by parenting experts can be helpful, at some point we realize there are no simplistic formulas or sure-fire methods. We need wisdom from God's Word for this all-important task. In *The One Year Praying through the Bible for Your Kids*, trusted author Nancy Guthrie weaves together wisdom and insight from each day's reading in *The One Year Bible*, providing encouragement through the triumphs and turbulence of parenting. Day by day you'll find your dreams and desires for your children are becoming shaped more by Scripture than by the culture around you. Worry less, pray more, and help yourself to a daily dose of perspective, hope, and grace as you parent.
